

NATURE EXPO 2016

22-24 April, Kipsala International Exhibition Centre

- forestry
- agriculture
- gardening

New offerings, new opportunities!

We care about our customers' needs, growth and development. Therefore, in 2014, we have set a new objective for our fairs and offer an innovative business environment to support your business growth.

Benefits of participating

Trade fairs have been recognised as one of the most effective and efficient marketing tools in the world. As a participant, you will have an opportunity to:

- present your machinery, products and services;
- boost your product sales and increase your business volume;
- find reliable distributors;
- get access to significant markets in the Baltics, Europe and worldwide;
- find new clients and partners;
- establish cooperation and joint ventures;
- to receive new orders;
- draw inspiration for business development;
- turn up information on novelties and processes within industry from primary sources;
- meet experts and be part of a great event!

Nature Expo recommends:
